

Playgroup WA CELEBRATE PLAY DAY

Celebrate Play Day is our way of honouring the International Day of Play with our playgroup community—because play is at the heart of everything we do. This special day, declared by the United Nations, recognises the vital role of play in every child's life. Play supports children's development, boosting creativity, confidence, social skills, and emotional wellbeing. It's not just fun, it's essential for learning, growth, and a healthy start in life.
